## ABOUT ME

*Web developer focused on streamlining user experience  
and improving performance*

With a background in web design my goal is always to put user experience and corporate branding first. A passion for learning lead to pursuing a certification in full-stack web development.

## EXPERIENCE

### Web Designer and Digital Media Coordinator

*Chauvin Arnoux Inc. d.b.a. AEMC Instruments / Dover, NH / October 2017 – July 2019*

After a year as Digital Media Coordinator I was promoted to Web Designer. This was due to my work on the launch of a new corporate website.

- Improved user experience and visual presentation in point of sale system using HTML5 and CSS
- Transitioned website enhancements from development and testing through production
- Assisted in testing and launch of new corporate website including both product information and online store
- Designed digital and print advertisements for industry publications

### Office of the Memorial Union Reception

*University of New Hampshire / Durham, NH / September 2014 – May 2017*

Served as a primary contact for visitors, handling inquiries about campus in a professional and courteous manner both in person and over the phone.

- Created daily deposit log for potential use in future audits using Excel
- Named Employee of the Month for October 2016

### Cultural Ambassador Intern

*Black Duck Software / Burlington, MA / May 2016 – May 2017*

As the first intern on the culture team I was able to help in developing new programs to maintain a productive, collaborative, and fun work environment.

- Led project to implement new digital information hubs throughout office to raise employee awareness about community-building opportunities
- Spearheaded the design of a corporate community service program
- Helped plan and execute sales kickoff for local and international members of the sale team
